

NEO-AIR MINI CAR AIR PURIFIER

Purifies the car with 360° HEPA & Ionizer

Removes **99.99%** air pollutants
in the car

With

360° Medical Grade HEPA Filter

360° High-Efficient HEPA filter removes 99.99%, 0.01 micron of air pollutants in the car. The 360° filter is designed for optimum air flow. It can absorb dangerous chemicals, odours and volatile organic compounds (VOCs).

With

Negative Ion Purification Technology

Negative ions are expelled into the car where they are attached to positively charged virus, bacteria, dust, pollen, cigarette smoke, odour, pet dander, chemical and others to form larger particles. These particles will then be efficiently eliminated by our HEPA filter.
